

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

## LETTER OF TRANSMITTAL.

---

STATE OF ILLINOIS,  
STATE BUREAU OF LABOR STATISTICS.

*Hon. Edward F. Dunne, Governor of Illinois.*

SIR: In compliance with the law, the Commissioners of Labor herewith submit the sixteenth annual report of the Illinois Free Employment offices for the year ending Sept. 30, 1914.

Very respectfully,

LUKE D. MCCOY, *Secretary.*

## INTRODUCTORY.

---

The causes of unemployment and the remedy therefor, especially in the chief centers of population, is a very vital question at the present time, not only to the unemployed themselves, but to all public spirited persons who take an interest in the welfare of their fellow citizens.

It is true there is always a large number of men who do not want to work and at times when a great many honest workmen are out of employment, take advantage of the conditions which exist, by representing themselves to be workingmen, unable to obtain employment, thereby vastly increasing the army of the unemployed and make conditions at such times seem a great deal worse than they really are.

Unemployment cannot be entirely eliminated. The laborer or mechanic who follows the seasonal trades or industries such as construction work, harvesting, railroading, building, etc., is certain to be out of employment during the winter months of the year and it is unfair to endeavor to place the responsibility for unemployment on one political party or another. The European war has paralyzed many of our industries that find sale for their products in foreign markets and has resulted in these industries reducing their forces and thereby increasing the number of unemployed.

It is the endeavor of the eight free employment offices of Illinois to keep in touch with conditions in the larger cities, and to find honest employment for the honest workman, by bringing him in contact with employers who desire help.

It is the intention to have the superintendents of these offices keep in touch with employers in their vicinity, especially with such as employ a great many men at various times, and to be able to furnish them with competent help on short notice, thereby not only saving the employer time and trouble in procuring the kind of help desired, but also saving the employee many useless visits to various factories and establishments where probably no help is needed at the time.

During the past year there were filed in the eight free employment offices, 70,230 applications for employment; 56,537 of these or 80.50 per cent were supplied with positions. It is true this is a decrease in the number of persons who secured employment during the previous year through these offices. This is due to the fact that in the past it has been found that the superintendents have padded their reports concerning the number of positions secured, in an endeavor not only to deceive the public, as to the amount of work they were doing, but the State officers having jurisdiction over them as well. It has been the object of this bureau during the past year to eliminate all padding, and give to the public a true and correct statement of facts in this respect.

The offices have been reorganized; the antiquated system of record keeping has been abolished and in its stead a practical card system has been established.

The Governor has recommended in his message to the General Assembly that the three Chicago offices be consolidated into one, thereby rendering more efficient service in dealing with the question of unemployment in the city of Chicago.

Table 1 shows the combined business of the eight offices for the past year. Two of these offices were established during the year, the Rock Island-Moline office was opened for business on Oct. 1, 1913, while the Rockford office was opened on Nov. 1, 1913. This office being in operation only eleven months during the past year.

There was a total of 70,230 applications for employment and 61,666 applications for help filed.

There were 56,537 persons who secured positions, thus placing 80.50 per cent of the applicants for employment and supplying help to 91.68 per cent of the employers.

Table 3 shows the cost of maintaining the six offices for the year, also the per capita cost of each position secured, which is shown to be 95 cents. This is an increase over last years per capita cost on account of two new offices being established during the year and the necessary expense of equipping them for business, also on account of the elimination of padded reports in the past on the number of positions secured.

## MALES—CLASSIFIED OCCUPATIONS FOR FIFTEEN YEARS.

Table 7 presents the work accomplished by the offices for the fifteen consecutive years. This table is arranged in eight distinct classes of occupations, and a miscellaneous class. It shows the number of occupations in each class each year, the number of applications for employment and help, and the number of positions secured, with percentages. This shows that 575,610 males have applied for employment, and that 482,232 or 83.78 per cent have received positions.

Aug 3, 1914.

Hon. L. D. McCoy, Secretary, Labor Bureau, Springfield, Ill.

DEAR SIR: I have the honor to present for your consideration my first annual report of the earnings, disbursements and general work done for the year ending July 1, 1914, and ask that you compare it with the report for the year ending July 1, 1913.

No mere table of figures can express fully the work done by this department. There is no doubt but that we would have been able to do much more constructive work if our appropriation had not been so inadequate. I also found many handicaps on account of the laxness of the law regulating employment agencies, and it is my intention to present to the next General Assembly for its consideration an act for the regulation of employment agencies that will afford better protection to the persons who depend upon the employment agents to find them employment.

Faithfully yours,

R. J. KNIGHT, Chief Inspector.

AN ACT to amend sections 1 and 10 of "An Act relating to private employment agencies and to repeal parts of a certain Act relating thereto."

SECTION 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: That sections 1 and 10 of an Act en-

titled, "An Act relating to private employment agencies and to repeal parts of a certain Act relating thereto," approved June 15, 1909, in force July 1, 1909, be and the same is hereby amended to read as follows:

SEC. 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* That no person shall open, keep or carry on an employment agency in the State of Illinois unless every such person shall procure a license therefor from the State Board of Commissioners of Labor. Any person who shall open or conduct any such agency without first procuring such license shall be guilty of a misdemeanor and shall be punishable by a fine of not less than fifty dollars (\$50.00) and not exceeding two hundred dollars (\$200.00), or on failure to pay such fine, by imprisonment for a period not exceeding six months or both, at the discretion of the court. Such license shall be issued by the State Board of Commissioners of Labor, the fee for which in cities having a population of fifty thousand or over shall be fifty dollars (\$50.00) annually and a fee of twenty-five dollars (\$25.00) annually in all cities containing less than fifty thousand population. All moneys received by the said Board of Commissioners of Labor from whatever source, shall be paid into the State treasury on or before the 30th day of September and the 31st day of March of each year following the adoption of this Act.

Every license shall contain the name of the person licensed, a designation of the city, street and number of the house in which the person licensed is authorized to carry on the said employment agency, and the number and date of such license. Such license shall not be valid to protect any place other than that designated in the license unless consent is first obtained from the State Board of Commissioners of Labor, or the chief inspector of employment agencies and until the written consent of the surety or sureties on the bond required to be filed by section 2 of this Act to such transfer, be filed with the original bond. No such agency shall be located on premises where intoxicating liquors are sold, excepting cafes and restaurants in office buildings. The application for such license shall be filed with the State Board of Commissioners of Labor not less than one week prior to the granting of said license and the State Board of Labor Commissioners shall act upon such application within thirty (30) days from the time of application. Such application, shall be accompanied by the affidavits of two persons who have known the applicant or the chief officer thereof, if a corporation, for two years, stating that the said applicant is a person of good moral character. The license shall run for one year from the date thereof and no longer, unless sooner revoked by the State Board of Commissioners of Labor. Such applications shall be posted in the office of the State Board of Commissioners of Labor or in the office of the chief inspector of private employment agencies, from the date of filing thereof, and until such application is acted upon; and before any license shall be granted, notice of such application shall be published on three (3) distinct days by the State Board of Labor Commissioners in some daily newspaper of general circulation throughout the county within which the applicants desires to locate such agency. (Section 1 amended and approved June 7, 1911, in force July 1, 1911.)

SEC. 2. BOND.] The State Board of Commissioners of Labor shall require such person to file with his application for a license a bond in due form to the People of the State of Illinois, for the penal sum of five hun-

dred dollars (\$500.00), with one or more sureties, to be approved by the said State Board of Commissioners of Labor and conditioned that the obliger will conform to and not violate any of the duties, terms, conditions, provisions or requirements of this Act. If any person shall be aggrieved by the misconduct of any such licensed person, such person may maintain an action in his own name upon the bond of said employment agency, in any court having jurisdiction of the amount claimed. All such claims shall be assignable, and the assignee thereof shall be entitled to the same remedies upon the bond of such licensed person, or otherwise, as the person aggrieved would have been entitled to, if such claim had not been assigned. Any claim or claims so assigned may be enforced in the name of such assignee. Any remedies given by this section shall not be exclusive of any other remedy which would otherwise exist.

SEC. 3. REGISTER—REFERENCE—AGENTS.] It shall be the duty of every such licensed person to keep a register, in which shall be entered in the English language the date of every accepted application for employment, name and address of the applicant to whom employment is offered or promised, written name and address of the person to whom applicant is sent for employment and amount of the fee received. Such licensed person shall also enter, in a separate register, in the English language, the name and address of every accepted applicant for help, the date of such application, the kind of help requested, the names of the person sent, with the designation of the one employed, the amount of the fee received and the rate of wages agreed upon. The aforesaid register of applicants for employment and for help shall be open during office hours to inspection by the State Board of Commissioners of Labor, their duly qualified agents, and the officers created by this Act.

No such licensed person, or his employees, shall knowingly make any false entries in such register. It shall be the duty of such licensed persons who employ agents or solicitors to provide each of the said employees with a suitable badge, containing said licensed person's name, and address of such agency and number of such license, and shall file with the State Board of Commissioners of Labor the name of each such employee.

SEC. 4. FEES—RECEIPTS.] A registration fee not to exceed two dollars (\$2.00) may be charged by such licensed agency when such agency shall be at actual expense in advertising such individual applicant, or in looking up the references of said applicant. In all such cases a complete record of such references shall be kept on file, which record shall, during all business hours, be open for the inspection of the said State Board of Labor Commissioners, the chief inspector of employment agencies or his assistants. For such registration fee a receipt shall be given to said applicant for help or employment, giving name of such applicant, date of payment and character of position or help applied for. Said registration fee shall be returned to said applicants on demand, after thirty (30) days and within sixty (60) days from date of the receipt, less the amount that has been actually expended by said licensed agency for said applicant, and an itemized account of such expenditures shall be presented to said applicant on request at the time of returning the unused portion of such registration fee, provided no position has been furnished by said licensed agency to said applicant.

No licensed person or persons shall, as a condition to registering or obtaining employment for such applicant, require such applicant to subscribe to any publication or exact any other fees, compensation or reward, other than the registration fee aforesaid, and a further fee, the amount of which shall be agreed upon between such applicant and such licensed person, to be payable at such time as may be agreed upon in writing, but the further fee aforesaid shall not be received by such licensed person before the applicant has been tendered a position by said licensed person. In the event the position so tendered is not accepted by or given such applicant, said licensed person shall refund all fees requested by said applicant, other than the registration fees aforesaid within three (3) days after demand is made therefor. No such licensed person shall send out any applicant for employment without having obtained a *bona fide* order therefor, and if it shall appear that no employment of the kind applied for existed at the place where said applicant was directed, said licensed party shall refund to such applicant within five (5) days after demand, any sum paid by said applicant for transportation in going to and returning from said place and all fees paid by said applicant.

In addition to the receipt herein provided to be given for registration fees, it shall be the duty of such licensed person to give, to every applicant for employment from whom other fee or fees shall be received an additional receipt, in which shall be stated the name of such applicant the date and amount of such other fees and to every applicant for help from whom other fee or fees shall be received, and additional receipt, stating the name and address of said applicant, the date and amount of such other fee or fees, and the kind of help to be provided. All receipts shall have printed on the back thereof, in the English language, the name and address of the State Board of Commissioners of Labor and the Chief Inspector of Employment Agencies.

Every such licensed person shall give to every applicant for employment, a card or printed paper containing the name of the applicant, the name and address of such employment agency, and the written name and address of the person to whom the applicant is sent for employment. If an employee furnished fails to remain one week in a situation, through no fault of the employer, a new employee shall be furnished to the applicant for help, if he so elects, or three-fifths (3-5) of all fees paid returned within four (4) days after demand: *Provided*, said applicant for help notifies said licensed person within three (3) days of the failure of the applicant to accept the position or the applicant's discharge for cause. If the employee is discharged within one week without said employee's fault, another position shall be furnished, or three-fifths (3-5) of all fees paid returned to the applicant for employment.

Every such person shall post in a conspicuous place in each room of such agency, section three (3), four (4) and five (5) of this Act which shall be printed in languages which persons commonly doing business with such agency can understand.
